SO, THE "THEORY" WILL BEAT THE VIRUS? WHAT IF IT DON'T?

"The virus ... in theory when it gets a little warmer, it miraculously goes away. Hope that's true!" -- Trump's comments about the #coronavirus are tragically uninformed 04

TRUMP on 3/15: “When people need a test, they can get a test.”

REALITY: 800+ Americans have died. We have 60,000+ confirmed cases of coronavirus. U.S. cases are rising at a higher rate than any other country. ALL made worse by Trump’s failure to deploy widespread testing.

WHAT TRUMP SAID:

“The testing has gone very well. And when people need a test, they can get a test.”

“Unlike Trump, who tries to blame Obama when he’s the one who diluted the pandemic response force, and literally says, ‘I don’t take responsibility at all,’ Cuomo regularly says ‘Blame me’ if anything goes wrong.” Via @maureendowd

Opinion | Let’s ‘Kick Coronavirus’s Ass’
In this nightmarish moment, we’re feeling warm and fuzzy about the cold and calculating Andrew Cuomo.

Dear #Trump supporters: notice how when he talked to Xi he didn't call it the "Chinese virus". Nope. Because he's a coward. He saves that name for you guys...the people who he lies to and plays for fools. One day maybe you'll realize how stupid he thinks you are... #coronavirus
