If Donald Trump loses in November, the blame rests fully on Americans who live in fear, who prefer safety and security to liberty and personal responsibility.

When you realize you've lost your nation and your freedom, you can only blame "the people." They alone blew it up.

Ruling on cases involving the election presents an entirely different scenario. Barrett, who has so far not committed to recuse, would be making monumental decisions regarding the man who had just nominated her, President Donald Trump.

Barrett must recuse from 2020 election cases, shield Supreme Court from Trump ...
Barrett will be a fine justice. But Trump has had a corrupting influence on Congress and she'd put the court on a similar path if she rules on his fate.

Has anybody taken into consideration the fact that Joe Biden is Hunters father. And that could be a key reason why Hunter is so slimy. Because a lot of times that's just the way the world works. Just saying.
