August 28 – September 4, 2019: The week when a “proud capitalist” whose Twitter bio reads “We are all sinners, saved by Jesus.” runs half the Board speaking about the hypocritical wealth of Democratic candidates.
1) **Donald Trump**

"I am so tired of hearing the rationalization of the Left in the country because they hate Donald Trump. Inexplicably and without foundation, they choose to hate America. The Democrats have truly become the party of hate."

You don’t Make America Great Again by oppressing minorities, protecting corporations, fighting perpetual war, ignoring education and denying science. Stop scapegoating undocumented, poor and disadvantaged for your problems, be part of these great United States

Christopher Zullo @ChrisZullo · 14h

The anger, fear and resentment Donald Trump is fostering by not speaking out against supporters prejudices and xenophobia encouraging them to taunt and batter those who ideologically oppose them is not what makes America great. Our leaders must set examples

2) Bernie Sanders and 3) Joe Biden

Bernie Sanders owns three homes

Joe Biden rents a house for $20,000/month and owns two others

Barack Obama has a mansion and a $15 million compound in Martha’s Vineyard

How did they make all their money?

Lecturing average Americans on income inequality

Their property should be expropriated and used to house impoverished and homeless, those people aren’t socialist they’re of the same caliber as trump and his family.

Difference is Trump earned his money outside of politics.

Elizabeth Warren says it’s “obscene” to profit off of students

Really?

Cost of one Warren-authored textbook—$258.97

Cost of one Warren-co-authored textbook—$126.78

Cost of one Warren-authored supplemental chapter—$60

Cost of Elizabeth Warren’s one-year salary—$430,000
5) Kamala Harris

Let’s never forget that Kamala Harris lied in attempt to ruin the lives of Justice Kavanaugh and his family, simply to build herself up for 2020.

Totally despicable.

6) Beto O’Rourke

Beto O’Rourke: “If you own an AK-47 or AR-15, you’ll have to sell them to the government.”

Democrats don’t even try to hide it anymore:

They are coming for your guns

And if they win back Congress, they will do everything they can to void the 2nd Amendment

We can’t let them.

Comment to Dems: Why do Conservatives support the Second Amendment so strongly? Because we don’t trust leftists any further than we can spit.

And the more you agitate to disarm us, the more we realize just how important it is to retain our Second Amendment Rights

9) Cory Booker

Cory Booker voted against lowering drug prices in the Senate.

Cory Booker also received over 400,000 dollars from big pharma in the past 6 years.

He sold New Jersey out as Senator.

Why wouldn’t he sell America out as president?

Maybe his commercials should reflect his drug ties. "Do you suffer from being a total hypocrite for personal gain... Many leftists do. That’s why I take Lib State. Lib State will allow you total hypocrisy, without the after effects of getting voted out..."

10) Pete Buttigieg

Pete Buttigieg is the latest candidate trying to reboot his failing campaign.

The problem for 2020 Dems is this:

No matter how many times they try, voters are still going to reject their far-left socialist agenda.

Repeating to @GOPChairwoman
If universal healthcare is a far-left policy, then I guess I'm a far-left voter. But I think UC has favored by Republicans in the past.
