THE 2020 WEEKLY TWEETERBOARD

Monitoring the Conversation About the Presidential Campaigns

The PEORIA Project: Listening to Public Echoes of Rhetoric in America

November 4 – 10, 2019: The week in which the same voices took the top spots and a new voice makes a dent by referencing several candidates in a single tweet with a cutting comment about racial attitudes in the so-called party of diversity.

1) Donald Trump

Charlie Kirk
@charliekirk11

Put this ABC-Epstein news in context:

They sat on this story for 3 years

What was 3 years ago?

Donald Trump vs. Hillary Clinton

Who was implicated in the Epstein story?

Bill Clinton

Now do you understand why ABC decided the story wasn't up to their "editorial standards"

🤔

This woman now needs Secret Service protection as she may be victim of Arkancide by the Clintons!

Jannet E. Friedman @jannet1965 - Nov 6
My thoughts exactly!
2) Joe Biden

Breaking: Memos detailing Hunter Biden's contacts with Obama State Department released. VP son's Ukrainian gas firm pressed US officials to end corruption allegations ... just a month before Joe Biden forced firing of prosecutor overseeing case.

The fact that each random billionaire’s thoughts on Elizabeth Warren is a news story is itself a powerful demonstration of the disproportionate political influence of the very rich.
4) Bernie Sanders

Did you know:

Ilhan Omar called for an end to “Western Imperialism” last night at a Bernie Sanders rally.

This is the same Bernie Sanders who praised China for their record on human rights and “eradicating poverty.”

The Democrat party has become the pro-China party.

Shameful.

I recommend that Nervous Nancy Pelosi (who backed up Schiff’s lie), Shifty Adam Schiff, Sleepy Joe Biden, the Whistleblower (who miraculously disappeared after I released the transcript of the call), the 2nd Whistleblower (who also disappeared), & the I.G., be part of the list!

6) Kamala Harris

Kamala Harris says her campaign is failing because people aren’t ready for a woman of color to be president.

The funny part is, this is the primary, not the general election.

So the people she is accusing of racism are Democratic primary voters.

I believe that if she were to run, @RealCandaceO will be the first woman president

7) Pete Buttigieg and 9) Cory Booker

“But Pete Buttigieg went to Harvard!”

Okay, so did Julián Castro.

“But Pete Buttigieg is a Rhodes Scholar!”

Okay, so is Cory Booker.

“But Pete Buttigieg has experience as a Mayor!”

Okay, so does Cory Booker and Julián Castro — and their cities were bigger.

But he’s white.
So @AndrewYang is one of the most compelling political stories of 2019: the tech candidate running against tech; the upstart from nowhere clearly going somewhere. I dug into his story for @WIRED.

Thanks Nick - enjoyed our conversation a great deal. 😊👍
10) Amy Klobuchar

Asked for a reaction to the Bloomberg news, @WalshFreedom tells me, “Bloomberg should instead put $100 million into a Michael Bennett or Amy Klobuchar superpac.”
