1) Donald Trump

When gently corrected by one of the astronauts about how other women have spacewalked, Donald Trump uses his middle finger to “fix” his hair.

How is this even real life?
2) Joe Biden

Joe Biden 2019:

“Our country has a dark, shameful history with lynching, and to even think about making this comparison is abhorrent.”

Joe Biden 1998:

“Even if the President should be impeached, history is going to question whether or not this was just a partisan lynching”
3) Nancy Pelosi

Shameful:

Democrats just blocked an attempt to censure Adam Schiff

He has lied to the American people for 3 years about Russia

He is trying to overturn the result of the 2016 election in complete secrecy

Why are Nancy Pelosi and Democrats protecting him?

4) Bernie Sanders

Nancy Pelosi, Chuck Schumer, Joe Biden, Bernie Sanders, Kamala Harris, Adam Schiff and Elizabeth Warren still have NOT tweeted celebrating the killing of Abu Bakr al-Baghdadi. They are all figuring out how to frame it as bad news for President Trump.

They literally hate America.

Indeed. They’re also trying to tie it to Obama’s foreign policy mastery. Joe Biden will probably make a statement how instrumental he was.

BREAKING: Elizabeth Warren has just called for gun confiscation.

We cannot let these people get elected.

Carrying concealed without a CPL is a victimless crime. The only victim is the state not making a profit off of selling you back your rights.

Imagine refusing to attend an event at an HBCU because they honored Trump for helping the black community with historic criminal justice reform.

That’s what Kamala Harris did today.

This is the true Democrat party.

They hate Trump more than they care about helping Black America.

The Democrat party leadership and elite ignore the plight of black citizens in Chicago who are being shot week-in and week-out. To the Democrat elite, black lives only matter on election day.

37 shot, 4 fatally, in violent weekend in Chicago
Shootings across the city of Chicago this past weekend left four people dead and at least another 37 people wounded.

No, and she isn’t an American asset either. She hasn’t contributed anything positive to the Presidential campaign — just whines and complains.

9) Amy Klobuchar

Sen. Amy Klobuchar released evidence that the Justice Department buried the whistleblower complaint about President Donald Trump’s call with the Ukrainian president by failing to refer the matter to the Federal Elections Commission (FEC).

New evidence hints at a Justice Department coverup
Trump’s phone call likely broke campaign finance laws, but no one told the FEC.

#REDFLAG: Wait...Republican FEC Vice Chair Matthew Petersen SUDDENLY RESIGNED on Aug 26th.

His resignation effectively shut down the FEC's ability to take any new action, as it requires 4 members to meet.

Has this timing been investigated by reporters?

Democrat Beto O’Rourke wants to go door-to-door to confiscate guns from law-abiding Americans. He’s NOT afraid to admit it...this is the radical Democrat Party!
