Elizabeth Warren is asked if her ethics plan would allow the son of a Vice President to serve on the board of a foreign company… she says “no.” Then she gets flustered perhaps realizing what she’s saying & says “I don’t know, I’d have to check my plan.”

5) Bernie Sanders

If climate change were such an existential threat:

Bernie Sanders would have solar panels on his 3 houses

The Obamas would sell their Martha’s Vineyard mansion on the coast of the Atlantic Ocean

Mayor Pete would stop flying all over the country in private jets
