1) Donald Trump

Never Forget. The Trump family was disallowed from operating ANY charity in the State of New York because they stole from a kids cancer charity. A kids cancer charity. A kids cancer charity.
2) Joe Biden

So much disinformation out there. Independent investigators here in Ukraine have told me, repeatedly: Joe Biden did NOT stop an investigation into his son. In fact, US officials, including Biden, were pushing for MORE oversight of the company where Hunter Biden was a board member.

Correct. Biden pushed to replace a corrupt and ineffective prosecutor with a competent, aggressive one—with the backing of European allies, the IMF, and democratic reformers in Ukraine. I explained here:

Opinion | Trump is pushing a fake scandal once again. Don’t buy it. How can millions of Americans believe in events that never happened?

How does Schiff know the identity of the whistleblower?

How did Nancy Pelosi know the contents of Trump's call before the transcript was published?

Who authorized the change in whistleblower rules to allow secondhand intel?

RT if you demand answers to these questions!

said it early on—once WH said they would release the transcript the D’s talking points became all about “how do we know the transcript wasn’t amended?” Trump said it—then they didn’t release it—then when the WH was, wrote the statement and set the table—Shumer warned Trump.

4) Elizabeth Warren

Hey, it's just Mark Zuckerberg, the guy who controls exactly which stories hundreds of millions of people see every day, coming out against Elizabeth Warren. Nothing scary or alarming about that so move along, nothing to see here.

If Bernie Sanders lived in a country with universal healthcare, he would still be waiting in line to have his heart procedure.

Theoretically, you're right. But because he's a politician he will get to the FRONT of the line in a socialist country. Think about it.

6) Kamala Harris

JOE BIDEN is not ABOVE THE LAW

Kamala Harris said we need to Leave Joe Biden Alone! WoW

Democrats want to impeach & punish Trump for hurting their feelings.

If the Democrats worked as hard as Trump they wouldn’t have time to harass the President.

Who can agree with that?

What is the left so afraid of?
