First Democrats tried Russia, Russia, Russia.

Then they orchestrated the impeachment sham.

Now Democrats are politicizing the coronavirus and spreading misinformation about the Trump Administration's efforts to protect the American people.

This is their new hoax!

It's now clear that when Trump declared that "I don't take responsibility at all" for his coronavirus response, he meant this both seriously and literally.

Trump is frantically rewriting the history of this catastrophe.

Don't let him.

Whether or not he gets away with this is entirely a matter of how well news media resist their apparently powerful urge to equivocate.
