There are nearly 330 million people in the United States — and according to the Trump White House, we've only conducted 5.4 million COVID-19 tests. It's abysmal.

Donald Trump needs to scale up testing, and he needs to do it immediately.

CONFIRMED: The House Appropriations Committee says it sought Dr. Anthony Fauci as a witness at Wednesday's Labor-HHS-Education Subcommittee hearing on COVID-19 response. It says an administration official informed it that the White House has blocked Dr. Fauci from testifying.

We have now crossed the dreaded Vietnam barrier. More Americans have been killed by Covid-19 in three months than in Vietnam in three decades. Yet Trump, Pence, and Kushner crow about how well they've done!
