At the State Dept. dinner for the Kennedy Center honorees Mike Pompeo wondered aloud when he would be "loved". Then Linda Ronstadt got up to get laurels, looked the fucker right in the eye and said "maybe when you stop enabling Donald Trump". Icon.

Leftist celebrities are so full of themselves and their bitter intolerance, that they have absolutely no idea how much respect they lose from their fans and other Americans the minute they vomit out their TDS hatred.

Nancy Pelosi just had a nervous fit. She hates that we will soon have 182 great new judges and sooo much more. Stock Market and employment records. She says she "prays for the President." I don't believe her, not even close. Help the homeless in your district Nancy. USMCA?

Nancy Pelosi got falsely accused of hate by a nasty journalist and she put him in his place. Here's the thing though. Trump cages children, falsely accused the Central Park 5 of rape and paid the New York Times to publicly call for their brutal executions, and more.

Joe Biden called an 83 year old a "damn liar" & then proceeded to fat-shame him after he was called out for his quid pro quo with Ukraine.

Classy.

This jackass acts like there isn't a viral video of him bragging about his \$1B threat to get a prosecutor fired.

Tick tock, Joe.

Turns out that if you campaign and debate better, you poll better.

Or you can get a boost from a TIME magazine cover when you're only at 6 percent in the polls.
