He lies. He bullies. He gets away with it.

Our kids are watching Donald Trump.

Is this the lesson we want them to learn?

Oh the irony. You are playing clips from old tv shows & movies, used to control narratives, create division & indoctrinate children, which has been going on for decades, rather than portraying wholesome families. The "lessons" come from Hollywood.

"Bernie Sanders is a phenomenon...he's doing stuff we don't talk about, he appeals to young people, people of color, he's got an army of donors. If anybody else had all that we'd say this guy is our guy. But for whatever reason we talk about everybody but Bernie." -

BREAKING: Joe Biden admits that he and President Obama locked migrant children in cages inside DHS detention facilities at the border.

Biden said they did it to "Keep kids safe."

I've been reporting this for years.

Growing up as a bi kid in the 2000s I heard a lot of homophobic jokes about Republican men being closet homosexuals, so I can't tell you how inspiring it is to be alive now during the era of Pete Buttigieg, the first openly gay man to be a closet Republican

Elizabeth Warren, sometimes referred to as Pocahontas, is having a really bad night. I think she is sending signals that she wants out. Calling for unity is her way of getting there, going home, and having a "nice cold beer" with her husband!

The degree to which Michael Bloomberg is using his fortune to fundamentally alter & manipulate U.S. politics to his personal advantage extends way beyond ads. I've worked against him, covered him as a journalist & worked with his top aides. Here's their playbook: (1/17)

Here's Amy Klobuchar in 2006 talking taking a hardline stance on immigration, supporting a border fence and even criticizing the Bush administration for not cracking down on companies hiring illegal immigrants.

"We need to get order at the border."

Klobuchar wasn't the only Dem to have talked this way at the time. Even Sanders rified on the lack of enforcement against companies for hiring undocumented immigrants in the context of protecting workers (immigrant or otherwise)--though he did not support a border fence.
