Chairman Adam Schiff just got caught in ANOTHER lie. This time he mischaracterized impeachment evidence as part of his political hit job against the President.

RT if you agree that he still needs to be censured.

Donald Trump must be convicted and removed from office.

Because he will always choose his own personal interest over our national interest.

Because in America, right matters. Truth matters.

If not, no Constitution can protect us.

If not, we are lost.

Let's imagine it wasn't Joe Biden.

Let's imagine it was any one of us.

Let's imagine the most powerful man in the world was asking a foreign nation to conduct a sham investigation of us.

What would we think about it then?

Because next time, it might be.

How quaint of you to watch @TGowdySC on Fox. The real question is, "if this had been about anyone else except @JoeBiden, would this be an impeachable offense?"

The answer is NO!

@realDonaldTrump gave up his lifestyle - FYI- He's already rich - to help America!

For the left, it has never been about climate change. Claiming climate change is merely a tool for them to grab more power and resources, and to try and destabilize and destroy America. They want her turned into a socialist or communist country any way they can.

Um yeah! Refusing to go on networks only makes those networks more partisan. That's why Fox is considered republican news and CNN and MSNBC is considered democratic news. Sorry but I don't think it's ok for any network to be partisan.

Pete Buttigieg just told a pro-life, Democrat *woman* she has no place in today's Democrat Party. All she asked for was a recognition there is diversity of thought on the issue and that it be put in the platform language. He said no and told her to deal with it.

Fox & Friends actually featured Michael Bloomberg's new ad hitting Trump's "arrogance, ignorance, [and] chaos" during a non-commercial break segment today. This is presumably what promoted Trump's Twitter outburst.
