Monitoring the Conversation About the Presidential Campaigns

The PEORIA Project: Listening to Public Echoes of Rhetoric in America

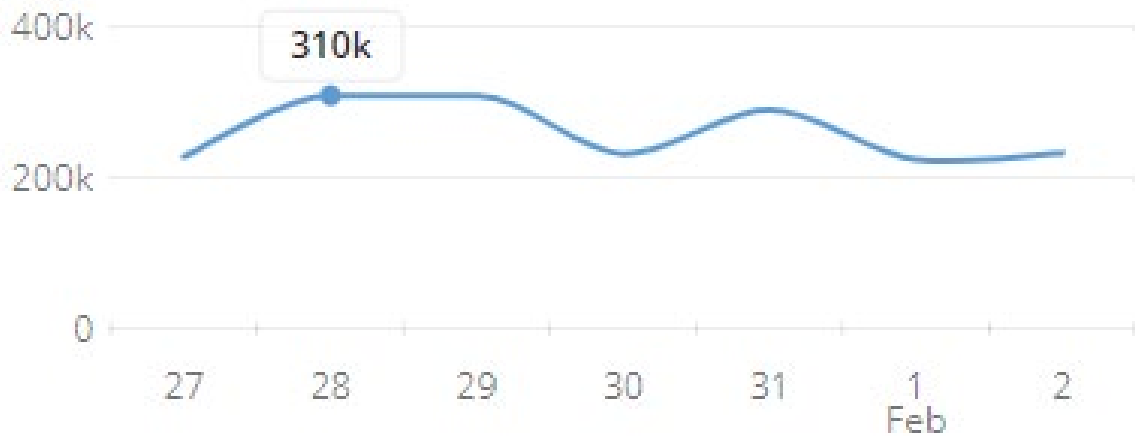

January 27 – February 2, 2020: The week in which Elise Stefanik, self-identified as the youngest GOP woman ever elected to Congress, went after the chair of her committee, Adam Schiff, and one of her constituents snapped back (to a much smaller readership).

Chuck Schumer has been in office for 38 years

Nancy Pelosi has been in office for 32 years

Maxine Waters has been in office for 28 years

Joe Biden was in office for 44 years

Yet they blame all of America's problems on Donald Trump, who hasn't even been in office 3 years?

There is one transcript that Adam Schiff refuses to release.

The Intelligence Community Inspector General transcript.

It needs to be released for the American people to read.

Why? Bc it answers ?s on the coordination & political bias of the whistleblower [#ReleasetheTranscript](#)

Elizabeth Warren just announced a plan to criminally prosecute people for spreading "disinformation" online

I wonder if that would cover disinformation about:

Her "heritage"

Where she sent her kids to school

Her father's occupation

Getting fired for being pregnant

Donald Trump's got the whole of America talking about whether Michael Bloomberg is so small he'll need to stand on a box for TV debates. This is indisputably a form of genius, stable or otherwise.

I read the story. Amy's a monster. Sorry, not sorry.

The boy's mother, driving 3 hours each way to visit her son a month after he was wrongfully arrested, was killed in a car accident.

Amy Klobuchar not only prosecuted him, she refused his request to attend her funeral.
