While Donald Trump, Michael Knowles, Ann Coulter, Dinesh D'Souza, Laura Ingraham, and Harold Cherry are bullying a 16 year old girl up for a Nobel peace prize,

I would like to congratulate Melania Trump on her amazing Be Best campaign against bullying.

Fuck you Melania.

....You will see it was a very friendly and totally appropriate call. No pressure and, unlike Joe Biden and his son, NO quid pro quo! This is nothing more than a continuation of the Greatest and most Destructive Witch Hunt of all time!

Elizabeth Warren is running on eliminating student loan debt and cracking down on colleges

Which is odd, considering she was a part of the problem:

She made over \$429,981 in one year at Harvard

If professors really believed in socialism, why don't they teach for free?

Kamala Harris was outraged when she thought Jussie Smollett was attacked

She called it a "modern-day lynching"

Yet when a major donor to her party is arrested after three black men were found dead in his California mansion

...She's completely silent

Kamala Harris passed judgement on Brett Kavanaugh with no evidence. Passes no judgement on Ed Buck with overwhelming evidence.

How many people has unfairly convicted?
